RE: Site access for groundwater monitoring program, Conrail Elkhart Railyard site

Dear Mr. Wilk:

The first groundwater monitoring program sampling event for the above referenced site was conducted from February 16 through 24, 1993. Prior to initiation of the sampling event, requests for site access were sent to the owners of the property on which the monitoring wells of concern were located. As follow-up to the request for access, each owner was contacted to confirm permission to access.

Site access was not gained from Mr. Art Chizum (owner of property where MW-05S, MW-05D, MW-06, MW-09 are located). During the winter, Mr. Chizum resides in Florida and cannot be contacted. However, the son of Mr. Chizum was contacted by coincidence at the house of Mr. Chizum on February 10th and informed of the sampling event. At this time, Mr. Chizum's son stated that he would contact his father and inform Groundwater Technology of his response. To this date, Groundwater Technology has not received word from the son of Mr. Chizum and has no means of contacting him.

Groundwater Technology is continuing to seek access to the Chizum property in order to complete the first groundwater monitoring program sampling event.

Your assistance in this matter would be greatly appreciated.

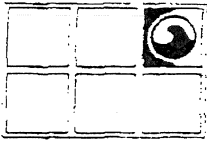

Sincerely,

GROUNDWATER TECHNOLOGY, INC.

Mr. William Marvel
56841 Southgate
Elkhart, IN 46516

Dear Mr. Marvel:

This letter is to notify you that the Consolidated Rail Corporation (Conrail) through its contractor Groundwater Technology, Inc. (GTI) will be collecting groundwater samples from monitoring wells that have been installed in your area.

Conrail has agreed to undertake this activity in accordance with the provisions of the "Unilateral Administrative Order for Remedial Design and Remedial Action" issued to Conrail and the Penn Central Corporation by the U.S. Environmental Protection Agency (USEPA) on July 7, 1992.

Through this letter, Conrail is requesting access to monitoring wells MW-02S, MW-02D, and MW-02BR that have been installed on your property by the USEPA. This activity will be conducted under supervision of USEPA personnel.

The staff of GTI is planning to collect groundwater samples from the monitoring well(s) on your property on Wednesday, February 17, 1993. GTI will contact you to confirm this date.

Should you have any questions regarding this activity, please contact GTI personnel Mr. Frank West and/or Mr. Reggie Baker at (317) 843-0570, or myself at (313) 473-0720.

Sincerely,
